Pharmacotherapeutics for Nurse Practitioner Prescribers

By Woo PhD RN ARNP CNL CPNP FAANP, Teri Moser; Wynne PhD FNP-retired, Anita Lee

F.A. Davis Company, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Here's the in-depth information you need to be a safe and effective prescriber of medications. This exceptional text builds your knowledge of pharmacology by first providing an overview of pharmacologic principles and then teaching you how to apply those principles to clinical practice. Focusing on applying pharmacologic scientific knowledge to clinical practice, it explains diagnostic and treatment reasoning and rational drug selection, while providing useful clinical pearls from experienced practitioners. The use of a Rational Drug Selection process enables you to understand how to prescribe the right drug for the right patient at the right time! Updated to reflect the most recent scientific knowledge and clinical practice in the field, the 3rd Edition provides the same great content from the first two editions with even more of what you need.

Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dominic Collins**

This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.
