Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

CLOUD COMPUTING: FACING THE REALITY

Createspace, United States, 2012. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.This book provides a concise overview of this novel computing paradigm. Written by an experienced professional working in the area, the book covers the topic holistically; and is meant for readers having varying skills in Information Technology. The ground realities for adoption of cloud computing and the relevant technologies have been presented with anecdotes, historical perspectives, and contemporary research findings. The book consists of seven chapters. After a general introduction about cloud computing in the first chapter, the actual definition is presented in Chapter 2. Then the famous Hype Cycle has been reviewed vis-a-vis the realistic proposition that cloud computing offers in Chapter 3. Remaining portion of the book covers the technologies involved (Chapter 4), the business models around cloud computing (Chapter 5), and finally its role in reshaping our individual, and collective, behaviors in recent times (Chapter 6). The book ends with a discussion about the opportunities and challenges that cloud computing offers (Chapter 7). A comprehensive list of resources (books, magazine issues, articles, and website links) is also available to help you expand your knowledge about the topics covered in this book. You can also refer to the book's website, // for updates, information about newer editions, and other resources to help you in your learning efforts. This book will serve as a handy guide for IT users, solution providers, and public in general. The technical matters have been presented in a clear and lucid style; and care has been taken to make the conceptual aspects as simple as possible.
