Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from American Football The author of this book desires to present a treatise on the game of football, primarily for the benefit of football coaches, football players, and the football public. The material is presented in a popular form, except in a few chapters where it has been necessary to limit the discussion to the technical side of the subject. In general the author has tried to establish certain basic principles that govern the game and has laid down what may appear to be hard-and-fast rules for training and playing. But though he realizes that rules are largely a matter of individual opinion, he feels safe in saying that the principles which he has stated are sound as a result of their having been tried and proved during many years of successful application by some of the best coaches in the country.
