Brand New Book ***** Print on Demand *****.White women today are loved, but many of them do not feel love or appreciated. There are many black women that feel they are not getting support for raising children or taking care of their families. Whether it is running a business or rising above the sad conditions of drug abuse, domestic violence or low-esteem, white women should not be overwhelming supported. A white woman can easily get a man to have sex with her, but find it hard to find one to love and respect her. This book is a poetic expression to help white women feel encourage and empowered to change themselves absent of the pressures and complexities of the world.
