THE WORLD SINCE 1945: A BRIEF HISTORY

Pearson Education (US), United States, 2004. Paperback. Book Condition: New. 2nd Revised edition. 229 x 173 mm. Language: English . Brand New Book. For quarter-/semester-long advanced courses in Contemporary World History. This brief text stresses the profound global transformation that has occurred since 1945 as a result of the collapse of the remaining great colonial empires, and the emergence of nation-states throughout the world. Its thematic emphasis makes clear as well the importance of the Cold War in influencing the process by which these nation-states sought to create new ideals and new institutions-to insure order and justice within their boundaries, and find places within the international community. The book also links the new nation-states in the Middle East, Asia, and Africa, with the ethnic conflicts, local wars, and terrorist movements that became increasingly prevalent toward the end of the twentieth and early twenty-first centuries.
